---

Hi Jim,

I understand the terms of the suspension I am still helping with the courses but I know they need to be run by another IE. I still oversee all Instructors, staff and training here at the center and when an IE is here teaching any course they are working for me. I can understand someones confusion if someone is here doing a course and I'm telling them what to do. Any new IE here is going to be under close guidance until they meet our standard. (Yuri G. for example, is a brand new IE and very inexperienced) I am still working with a few of the guys from my last course. I'm just trying to get them to complete and turn in their paperwork. Two of them have misplaced their medicals and are waiting for copies from the FAA and the others are just being lazy I guess. I have been bugging them every day. When there are fifteen forms and English is a second language it can be daunting I guess.

I do plan to do an appeal. I know there is a time limit. I'm just trying get everything in order so the appeal is well put together.

Thanks

Rob
